

Learn about safe
escalator and
elevator use with
**MAX and
BOB**

Little things
matter in safety

Connect the dots in the right order to reveal a hidden picture.

When you have finished, color in the picture!

Oops!
Escalators
are not for
shopping
carts

Wow, we found
some great shoes!

Now let's go up
this escalator...

I'm not sure
if that's a
good idea!

I'll just hold on tight.

This is harder
than I thought.

Look out below!

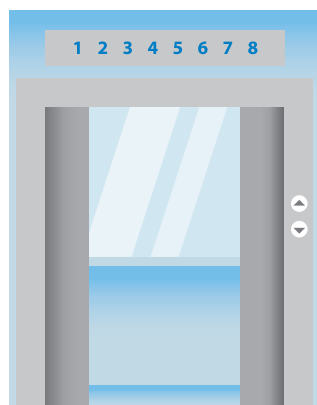

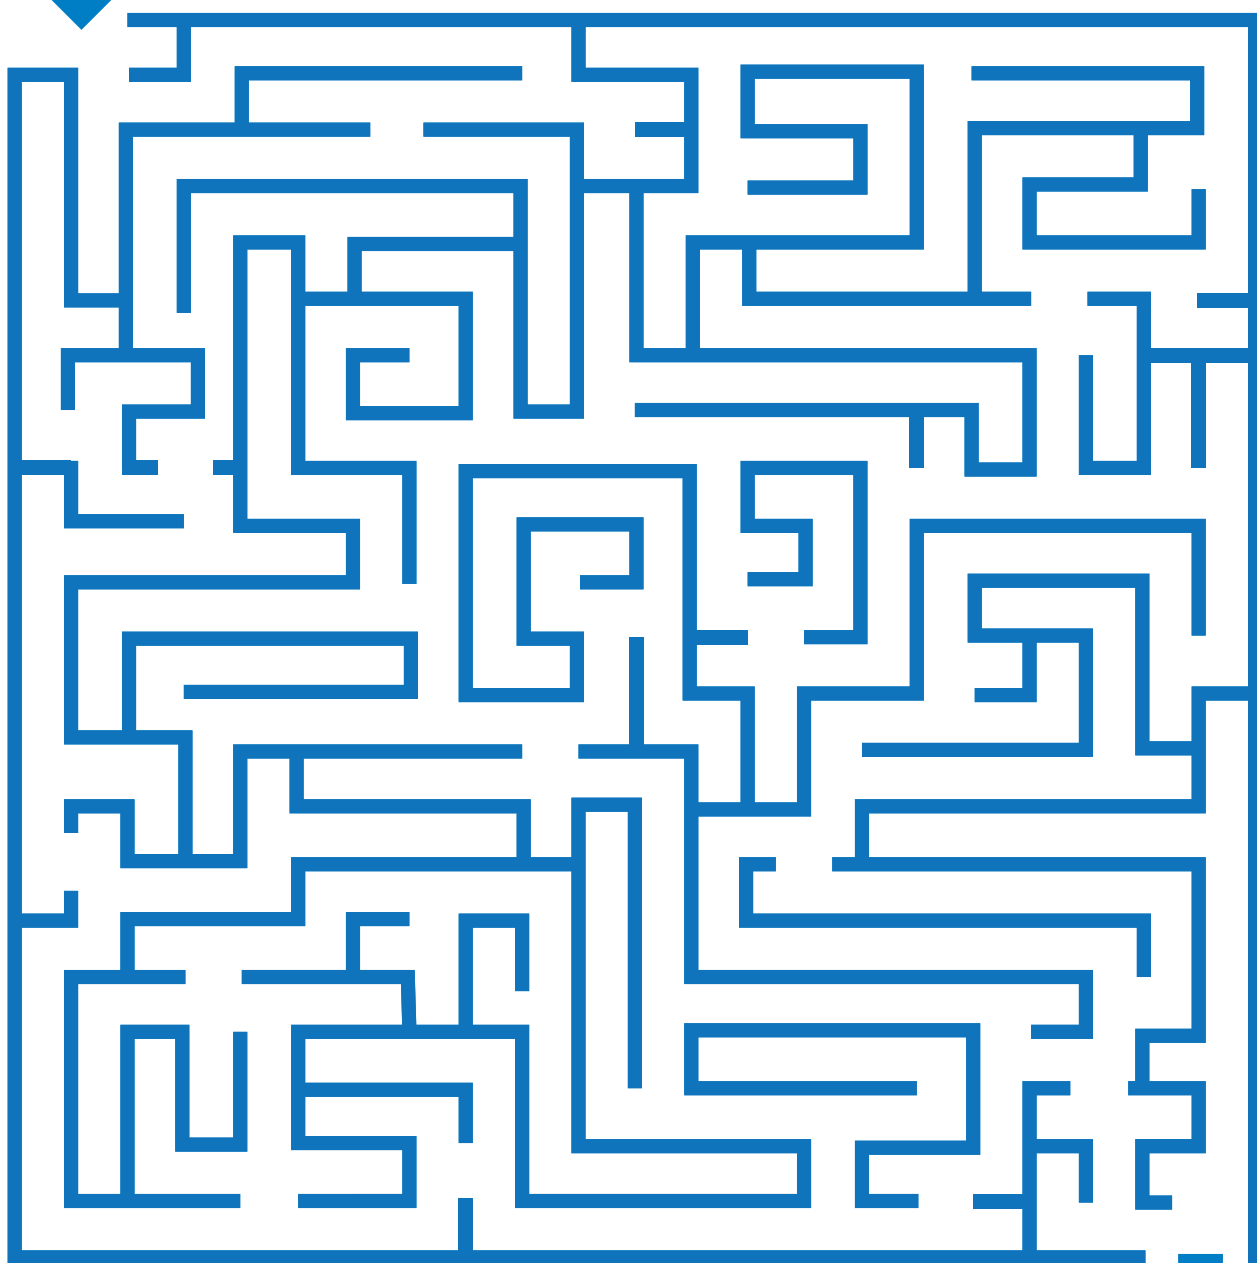

I can't quite
keep it steady...

Oh no!

Remember that escalators are not
the way to travel with shopping
carts, strollers or other heavy
objects! Take the elevator instead.

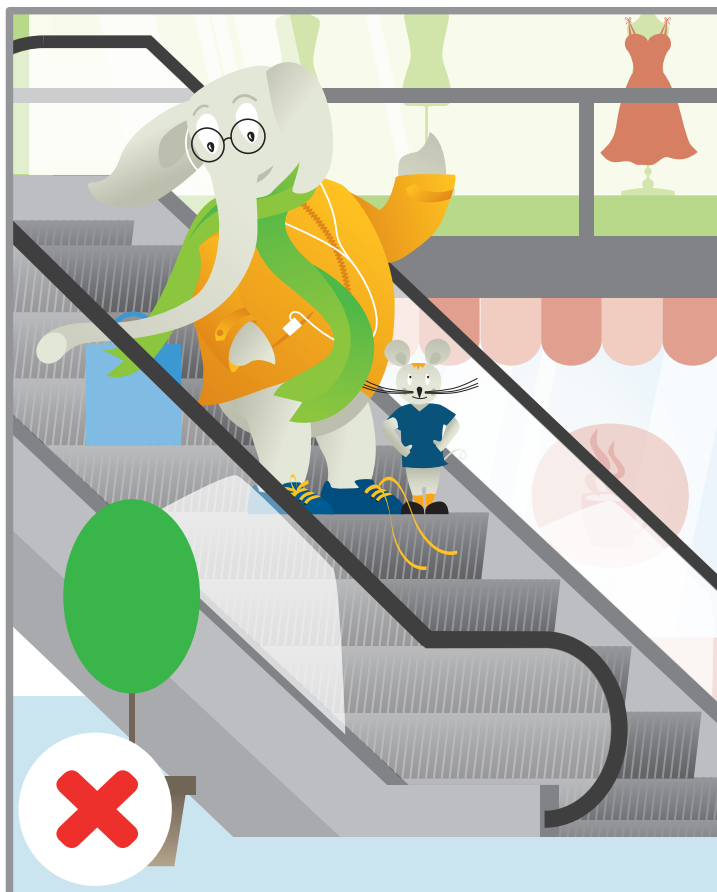

Bob and Max should never take the escalator with their shopping cart. Help them find their way through the maze to the elevator!

Spot the difference. Max and Bob are traveling safely in the picture on the right. Find 5 mistakes in the left-hand picture.

Bob's scarf and his trunk are between the doors, Bob is on a skateboard, Max is facing back, Max is not holding onto Bob.

Bob is not holding his shopping bag and his hand is not on the handrail. Bob's shoelaces are untied and his scarf could get caught. Max is not holding onto Bob.

KONE is one of the global leaders in the elevator and escalator industry. We have been committed to understanding the needs of our customers for the past century, providing industry-leading elevators, escalators and automatic building doors as well as innovative solutions for modernization and maintenance. KONE is present in over 50 countries employing 37,000 dedicated experts.

The safety of the people who use our products and services is seen as paramount at KONE. KONE communicates actively about safety issues, and promotes the safe use of the equipment we maintain by organizing events for escalator and elevator users. We also enhance the safety of KONE products and services through rigorous attention to our design, manufacturing, installation, and maintenance processes.
